“To preserve life and promote health and safety in our community.”

That is the mission of Cranberry Township Emergency Medical Service (CTEMS). For more than 40 years, we have been providing the resources and services to support this mission for the communities we serve.

One way we do this is through our Ambulance Subscription Program.

**What is the Ambulance Service Subscription Program?**

The CTEMS Ambulance Subscription is a membership program that, through an annual fee, will reduce out-of-pocket costs in the event of a medical emergency. Residents and businesses within our service area are eligible for this program. This tax-deductible donation also helps to fund our equipment needs and educational programs.

**Why is it important to have a subscription?**

With the average cost of ambulance service at $600, a subscription can provide tremendous savings. Additionally:

- If there is a balance on your ambulance bill after we receive the insurance reimbursement, the balance will be waived.
- If insurance applies toward your deductible, we will cover the patient’s responsibility.
- Ambulance coverage includes a large geographical area surrounding Cranberry Township.

**What is the coverage area?**

CTEMS provides 24/7 coverage of Cranberry Township, Seven Fields Borough and parts of New Sewickley Township. Through an agreement with Northeast Ambulance Alliance (NEAA), you can also receive the same benefits as their subscribers if you use their ambulance service.

**What does a subscription cover?**

Membership covers unlimited medically-necessary emergency and non-emergency transport service.

**What is NOT covered by a subscription?**

Membership does not cover non-emergent care.

**What subscription levels are available?**

**Family Membership ($60)** covers all permanent residents of your home.

**Individual Membership ($45)** covers only the individual listed on the subscription card.

**Senior Citizen Membership ($40)** covers an individual 62 years of age or older, as well as all other permanent residents of that household.
